about Daylin
call Amber at
(330) 661-0840

Daylin is a smart and funny young man with a big personality and a bright future. He loves collecting Pokémon cards and playing video games on his Nintendo Switch. Daylin has a sharp mind, a playful sense of humor, and a few unique quirks that make him special — like his dislike of wearing shoes and his strong attachment to his comfort blanket.

Daylin is looking for a patient, supportive foster family who will embrace his individuality and provide the love and stability he deserves. He thrives in environments where he feels safe, understood, and encouraged to be himself.

Daylin's forever family will need to be patient, consistent, and committed to helping him grow into adulthood with confidence and security. With the right support, Daylin will continue to shine and bring joy to those around him.
