(330) 661-0814

Heavenly is a friendly, outgoing young lady who may be shy at first but quickly warms up to others. She enjoys a relaxed, tomboy style and is doing well in school, especially enjoying science experiments. An active member of her basketball team, she also loves swimming, dancing, playing video games, and spending time with animals.

Heavenly hopes to join a loving, supportive family, preferably a two-parent home but open to a single mother. She would love to have a cat or dog and continue playing basketball with family support. Having lived in both city and rural settings, she is flexible about where she lives. Most importantly, Heavenly wants a family that will love, support, and care for her.
